Tired of spending hours and hours downloading apps? Looking for a way to save time and let you get the best apps in less than a minute? When you get AppZapp you get the apps for free, installed directly on your device. AppZapp runs in the background, gathering the latest and most popular apps in your device, and it just runs in the background. Don't waste any more time and start using AppZapp to get the best apps. How to download more than 10 apps at a time? Get AppZapp! AppZapp gives you more than 10 apps at once with just one click. Why does the App get down? The App gets down when it receives too many requests from the same IP address. To get rid of the problem, open the App and click on the "Settings" button, and change the "Max concurrent connections" from "1". How many apps can AppZapp download? AppZapp can download apps from the store with a fast speed. The more apps you download, the faster it gets. On average, AppZapp is capable of downloading an app every 2-3 seconds. Can I use a different device? Yes, you can. AppZapp is working with any device as long as you have an internet connection. Can AppZapp work on jailbroken or rooted devices? Yes, AppZapp works with any device as long as you have an internet connection. If AppZapp says an app is not available in the store, what does that mean? That means that the developer of the app did not allow AppZapp to download it. Can AppZapp download and install an app without a passcode? No. AppZapp can only download and install apps with a passcode. How many times

To those on the web, let's see what the pros are doing. If you have a blog, or maybe are merely a video lover.. I just made a purchase on Adobe CS5 and am fairly loving it so far.
