I'm going to be putting in my request for transfer to the new server in just a second, but first I'd like to ask you all something: What do you all think of the emblem? Do you all think it's a good idea or should I back it out? I think the emblem is a good way to "unify" the server and make it seem less "nepaw-gazing" (also makes each server different (which is great for the developers when they release the next version), and the emblem looks great on the tab. I'd like to do something like that! Hm.... Oct 10, 2018 What is the difference between masking and emblem?. Masking/emblem allows players to see through various parts of the armor to pick out the weakness on the clothing but a team crest is only visible to a specific team so a team could look neat.
