In War v2, the former Swordmaster, Ambrose, may have been mistaken for a damned soul, but now in his new body, he's a heretic who knows just how dangerously mortal he is. Last summer, Ambrose lived as a mortal, but now he's back in-out-in-out, in the eternal mist of Avalon. A new life with new friends, and new enemies. Plus: a new boss to beat!

Rome: Total War is a Total War game set in ancient Rome, where players will take control of one of the world's leading powers. To win the battles, you'll have to construct the Roman Empire by managing your resources wisely, forging armies of terrifying power and achieving military triumphs the like of which the world has never seen. Originally released for PC in 1998, Age of Empires: The Wittenberg Project was the most technologically advanced Total War title up to that time. With the release of the PC version, players were able to acquire a more detailed technical rendering of the original game's battle stages, which led to a dramatic step forward in the quality of Total War's historical battles. A thousand years before the rise of the Roman Republic, Europe is torn by the clash of feudal kingdoms. Two tribes: the invading, savage Franks and the defensive Romans. Both sides are preparing for a war that will decide the fate of their respective civilizations.

Total War: Rome - Total War is a Total War game set in ancient Rome, where players will take control of one of the world's leading powers. To win the battles, you'll have to construct the Roman Empire by managing your resources wisely, forging armies of terrifying power and achieving military triumphs the like of which the world has never seen.

Total War: Rome II - Emperor Edition is a Total War game set in ancient Rome, where players will take control of one of the world's leading powers. To win the battles, you'll have to construct the Roman Empire by managing your resources wisely, forging armies of terrifying power and achieving military triumphs the like of which the world has never seen.

Shogun 2: Fall of the Samurai is a re-imagining of the history-rich series, giving players the chance to explore the evolution of the lords of Japan, from the medieval samurai through to the tumultuous years of the country's Sengoku period. The game features a refined battle system, sprawling landscapes, and fierce new opponents - all with the signature Total War series campaign
