Hello, just for information. The code for the MetaLib SDK is made available open source on GitHub. This project is really very simple, you can read more information in the github project. Our rar file is full of demos using the MetaLib SDK. This should be ready for release in a few days. If you are interested in the SDK send me a private message and I can give you more information. If you use the standard option, the MetaLib SDK will be automatically included in your INET. But if you have another client, it is better to unpack MetaLib SDK and not to add the path of the INET package. We also released the official MetaLib SDK (standard version for Windows and Linux) on SourceForge. This standard version includes basic functions to import data from Yahoo Finance (HTML data), Option and Futures quotes, intraday trading timeframes, f&s ticker indicator, SMS and TK dataAdequacy of dietary omega-3 fatty acid intake in oophorectomized women with polycystic ovary syndrome and the effect of short-term supplementation. Controversy exists regarding the long-term benefits and safety of omega-3 fatty acids (
